Lamps and Lanterns

Now in Use—Because They Are

Brilliant—

300 candle power of strong, pure white light. More light than 20 old style lamps or lanterns. Easy on the eyes—no glare, no flicker.

Safe—

Can't spill fuel even if tipped over, can't be filled while lighted. Listed as standard by the Underwriters' Laboratories.

Clean—

No greasy wicks to trim, no dirty chimneys to wash. No smoke, no soot, no dirt, no odor.

Economical—

Cost to use less than 2 cents a night. More than 40 hours' service per gallon of fuel used.

Convenient—

Make their own gas from common gasoline (petrol), generate from the heat of ordinary matches. Easily moved from place to place. No daily filling necessary.

Durable—

Made of brass and steel, heavily nickled. Tested, inspected and guaranteed. Will last a lifetime.

Gasoline (Petrol) Lamp

"The Sunshine of the Night"

The CQ329 Model, illustrated on the first page of this little folder is the most popular of the famous Quick-Lite Lamps. Most attractive in appearance, and with the beautiful light it gives, the Quick-Lite is indeed a useful ornament in any home.

The handsome opal paneled shade is an exclusive Coleman design. Made of extra quality glassware to give long service. Being pure white, this shade subdues the wonderful Quick-Lite brilliance just enough to fill the room with a mellow, eye-restful radiance—"soft as shaded sunshine."

The Quick-Lite is the all-purpose home light. It brings abundant good cheer and light contentment into any home. Just the light for reading, sewing—for any evening task, or diversion. Its clear-white rays enable you to match the most delicate colors.

Gasoline (Petrol) Lantern

"The Light of a Thousand Uses"

The LQ327 Quick-Lite is ideal for out-of-door use. On the farm or ranch, for night choring, harvesting, feeding, plowing, hauling, it meets all requirements.

It is just the thing for night hunting, fishing, camping, touring; for the tent-home, the lake, seashore or mountain cottage.

It is unequalled for tent shows, camp meetings, street stands and summer amusements.

The Quick-Lite Lantern, is wind-proof, storm-proof and bug-proof. It gives a steady, brilliant, 300 candle power light in the wildest weather. It can be used in a thousand places where the old style oil lantern is useless.
